FOR IMMEDIATE RELEASE

**ARMSTRONG AND HONAS ACCEPT  
BILL KRUG EDUCATIONAL TRUST SCHOLARSHIPS**

Kaitlin Armstrong and Nathan Honas have been selected to receive 2009 Bill Krug Educational Trust Scholarships. These scholarships are directed to students graduating from Medicine Lodge High School who have been active in their community through employment and other activities. As Krug Scholars, Armstrong and Honas will receive \$1,000 for the 2005-2006 academic year.

Armstrong is the daughter of Eric and Kathy Armstrong. Pratt Community College and eventually Northwest Technical Center in Alva, OK are the schools of her choice. Armstrong affirms that it is a privilege to receive this scholarship. She says, "I am planning to become a dental assistant. I have always appreciated a pretty smile and I want to help people to achieve that."

Darryl and Vicki Honas are the parents of Nathan Honas. He plans to study biology at Fort Hays State University. "I plan to get a job working to preserve the environment or study animals and their behaviors," says Honas.

The Bill Krug Educational Scholarships are awarded to Armstrong and Honas through the South Central Community Foundation, a regional foundation that manages charitable funds for seven south-central Kansas counties.
